Emergency Supply Kits

Select from one of our pre-made kits or build your own!

www.bookbind.net
Which kit do I choose?

We offer a number of kits depending on need:

Lets start with basics- WATER and FOOD. In that order. The average person needs 2-3 quarts of water per day for drinking, then at least 1 quart per day for washing. Our bottle of potable aqua has enough for 25 quarts. For food, at least 1200 calories are recommended per person per day. Our 3600 food package will just last one person 3 days.

We personally have a deluxe kit for each parent in the household in case we get separated. But, it is important to have smaller kits for children and older parents that will be lighter to carry. We also keep an auto emergency kit in each vehicle. The branch recommends having a kit for home and work. So if budget is an issue start with a JW personal first aid kit you can afford and add another later.

The majority of our emergency items, along with our main two kits, are displayed in this brochure. Please visit bookbind.net to see all of our emergency items, kit options, and updated products. SHIPPING COSTS ARE $25 FOR THE FIRST KIT + $5 FOR ANY ADDITIONAL KITS ON THE SAME ORDER & SHIPPED TO THE SAME ADDRESS (U.S.)

WHOLE KIT: $175
Thermal Sleeping Bag, Rain Jacket, (2) 3600 Calorie Foods, First Aid Kit, Backpack, Filter Water Bottle, Crank Light, Water Treatment Tablets (25qts), Paracord 100', Waterproof Pouch, Waterproof Matches, Light Stick, No Blood Leather Key-chain, Swiss-knife

WHOLE KIT-DELUXE: $309.99

*The difference between the Whole Kit and Whole Kit-Deluxe is shown by the items highlighted in red below
